

Stone Carving Workshop

Sat. April 26 at Many Years Farm

Learn Carving in a Beautiful Setting

Join stone carver Bethany Lee (www.BELFineArt.com) at beautiful Many Years Farm (www.byzarts.com) for a morning of stone carving. Beginners will learn to create a flat surface, a letter, and a simple leaf design. Returning students will begin a sculpture in the round. All students will have a carved stone (limestone or soapstone) to take home.

Arrive by 9:30 for light refreshments. We will then carve, with breaks, until 1:30. Lunch will be provided by Many Years Farm, and students will depart when they wish after lunch. Those who wish may also hand around and enjoy the chickens, goats, and peace of the farm.
